ELBA, ALA., SEPT. 15, 1911.

Tomorrow is Coffee's opportunity.

Our commissioners are good roads men.

The cotton crop will soon be harvested.

Vote for bonds tomorrow, and let us have good roads.

Let us swell the majority for good roads tomorrow.

Morgan County voted "dry" by a majority of 400 last Monday.

There will probably be no more whiskey elections in south-east Alabama.

The cotton planters convention at Montgomery advises farmers to hold their cotton for 15 cents.

The people in Crenshaw County are anxious to get the Pensacola-Chicago National Highway.

Prohibition is not dead in Maine. The prohibition amendment was not repealed last by Monday's election.

Judge A. E. Gamble is holding Circuit court in Luverne this week. He is making one of the best Circuit Judges in Alabama.

The prospect is now good for developing Elba's great water power. The work on the dam will soon begin. The contract has been let already.

Gov. O'Neal thinks the governor or should have the power, at his discretion, to remove sheriffs, tax collectors, and tax assessors, persons who are elected by the people of a county. That is our government.

Gov. Woodrow Wilson is a good democrat and believes in a government by the people, like Jefferson and Jackson. Alabama's Governor says he is like Hamilton and Madison. He believes, in other words, in centralizing the powers of government, a sort of one man government, or may be a few men.

**"I Am Well"**  
writes Mrs. L. R. Barker, of Bud, Ky., "and can do all my housework. For years I suffered with such pains, I could scarcely stand on my feet. After three different doctors had failed to help me, I gave Cardui a trial. Now, I feel like a new woman."

**Take CARDUI**

**The Woman's Tonic**  
A woman's health depends so much upon her delicate organs, that the least trouble there affects her whole system. It is the little things that count, in a woman's life and health. If you suffer from any of the aches and pains, due to womanly weakness, take Cardui at once, and avoid more serious troubles. We urge you to try it. Begin today.

We are pleased to learn that Hon. C. C. Brannen, formerly of Elba, has been appointed to a clerkship on the Judiciary Committee at Washington, D. C., of which Hon. Henry D. Clayton is chairman. This is quite complimentary to our friend Brannen, and honor which he well deserves.

### Wanted--Good Roads.

The Luverne Journal last week contained a "want column" and in it appeared a free "ad" for Elba and Troy, as follows:

"Wanted--The world with a barbed wire fence around it--Troy and Elba."

Just above this in the same "want column" is another one as follows:

"Wanted boosters for the graded road through Crenshaw county."

Then below appeared this:

"Lost--A multitude of knickers who have been using the word CANT, when applied to good roads."

And this:

Lost--All opposition to the National Highway through Crenshaw county from Pensacola to Chicago."

What is the trouble Bro. McLondon? Yes, Coffee and Pike Counties want good roads, and that is the way to get them. Our citizens do not lose an opportunity to express their wants. We have the "boosters" for good roads and do not have to advertise for them. We are not asking for the "world with a barbed wire fence around it," but we do want that which will make Coffee the best place in the world--GOOD ROADS.

### Andalusia Star Draws Party Lines On Prohibitionists.

THE ANDALUSIA STAR wants to draw a line between the democrats and prohibitionists, but some democrats in Covington are good enough to vote on either side--Opp Messenger. You are respectfully urged to read the platform of the prohibition party and then turn to the platform of the Democratic party--Andalusia Star.

The Andalusia Star has read R. P. Hobson out of the Democratic party because he believes in prohibition. This is the first time we have ever heard that a man could not believe in sobriety and at the same time be a good Democrat. If such is the case, guess we'll have to switch to the single-taxers--Geneva County Repeater.

Gov. O'Neal thinks the governor or should have the power, at his discretion, to remove sheriffs, tax collectors, and tax assessors, persons who are elected by the people of a county. That is our government.

Gov. Woodrow Wilson is a good democrat and believes in a government by the people, like Jefferson and Jackson. Alabama's Governor says he is like Hamilton and Madison. He believes, in other words, in centralizing the powers of government, a sort of one man government, or may be a few men.

Speaking of prohibition--in a letter to the editor of THE STAR congressman R. P. Hobson writes: "In this great social question I recognize no party lines, and it is up to the prohibition party to elect you and you should immediately resign. You claimed to be a democrat when you were seeking office. No man has a right to change his politics and continue to hold a commission from the Democratic party.--ANDALUSIA STAR."

The editor of THE STAR seems to be of the opinion that liquor men only are democrats. But in this he is badly mistaken, we are glad to say. The democratic party is not wholly turned over to the liquor interests yet. Hobson is the right sort of Alabama democrat. We will take such as he is for true democrats.--Elba Clipper--Andalusia Star.

A large majority of the voters of Editor Doty's County, according to his view, have ignored the party platform. And now good democrats in Houston County, according to Editor Doty, have not read their platform. We wonder if Editor Doty has read it lately. Does it require democrats to vote for whiskey? Let the eminent editor of The Star read it to us. We don't believe yet that all good democrats must vote with the liquor interests. If that is true the democratic platform then is wrong and badly wrong.

Gov. O'Neal and Gov. Woodrow Wilson do not agree with each other as to matters to the people for their decision. In other words Alabama's chief executive is against democracy--the majority rule and a government by the people. In his speech the other day in New Jersey, he used the expressions, the "tyranny of the majority" and the "caprice of the majority." He thinks the governor should have more power, and the people less.

### Alabama.

Her hills are nature's upon which the Divine hand has planted green, waving forest, and trimmed their sides with fruits and flowers. In her valleys the harvests ripen into golden colors, and her limpid streams run laughing to the sea. Springs, cool and sparkling, bubble forth from granite rocks, streaked with gold, and dance and shimmer in the sunshine.

Upon every hillside the smoke curls upward from happy, peaceful homes, where merry children laugh the hours away. Her prairies are broad and as beautiful as the plains of paradise. Her breezes are sweet with the perfumes of flowers and resonant with the song of birds. The moonshine of her nights kissed softly the purple vineyards where lovers wander and babbled softly of a future without care.

Her sunsets are as glorious and as beautiful as the dawning of her days. Her men are brave and gallant, and her women pure and gently.

Lying almost midway between two great oceans, she is a sort of Benah Land in this old world. Maligned at times, she is still the purest common wealth in the sisterhood of States. Her golden age lies not a great way off, when from every section the fumes of progress will light the darkness of the heavens, when the weary wanderers of life will seek a place within her peaceful portals; when hunger shall eat its fill at her towering granaries, and when she shall become indeed to all of earth the Democratic party--Andalusia Star.

## Atlanta Wakes up to Pelagragia.

Atlanta is undoubtedly awakening, though none too soon, to its public duty of providing means for the treatment and cure of pelagragia. The establishment of a free clinic for this purpose by the Associated Charities is now being followed by the opening of a hospital in connection with the institutional work of the Baptist Tabernacle.

For many weeks past Dr. Broughton has been actively at work toward this end and now, it is announced, his plans are nearing fruition. This will accommodate twenty-one patients and reception will be made for at least six charity patients. It will be in charge of skilled physicians and nurses who have devoted particular attention to this disease.

There is ample room and need for both the clinic and the hospital. Each of them, indeed, will cover a field which is more or less distinctive. The former is intended solely for persons who are unable to pay for medical service. The latter will be a thoroughly equipped sanitarium, open to the general public. At the same time, it will conduct a charity ward.

For both reasons, it should appeal to the community's civic spirit and should be accorded liberal support. As we noted yesterday, there have been fifty-one deaths from pellagra in Atlanta since the beginning of the year and of these the great majority were among white. This disease has reached a degree of prevalence here, along with tuberculosis, it demands public attention.

Heretofore, there has been no institution where persons so afflicted could go for advice or aid. The clinic and the hospital mentioned are perhaps the first of their kind in the entire South. They both deserve the generous support of the Atlanta people.—Atlanta Journal

## Excise Commissioners Charged With Accepting Bribes.

Columbus, Sept. 9.—A sensation was created in Girard yesterday when Excise Commissioners W. M. Moses and Deronda Levy, of Girard, were arrested by Deputy Sheriff Perry on the charge of bribery. Mr. Moses and Mr. Levy made a bond of \$1,000 each for their appearance, at a preliminary hearing next Saturday and were released.

It is claimed that these men were bribed by some of the applicants for whiskey licenses. The warrants were sworn out by M. A. H. Cogbill before Justice of the Peace N. W. Pittman. Moses and Levy are brothers-in-law, and it is charged that they made an agreement with certain dealers by which they are to receive a part of the profits of their business.

## Beat 5 Notes.

Mr. E. F. Hemby and wife spent Sunday with Mr. T. J. Hussey near Victoria.

Rev. C. O. Helms filled his regular appointment at Bluff Springs church Sunday. The church received six applicants for baptism, and two who joined by letter.

The writer and Dr. E. G. Bragg went to Dyess school house Sunday where they attended singing. Dr. Bragg will soon return to college.

Mr. J. M. Dyess went with the scouting party to Andalusia.

Miss Arley Dyess attended the Teachers' Institute at Enterprise, last week.

Messrs J. C. Parker, Paul Johnson, Horace Hutchinson, and S. H. Brock, of Elba, were at Lewis' Mill Tuesday on a fishing trip.

Mr. George Henderson and family are home from a trip to Banks.

Mr. Moses is cashier at the Elba City bank and Mr. Levy is proprietor of an electrical supply house of this city.

Mr. Levy stated that he had no fear of the outcome of the prosecution. He said it was simply the work of a disgruntled few who had been refused licenses, and he regarded the prosecution as malicious.

Mr. Cogbill was an applicant before the commission for license as a retailer of liquors but his application was turned down.

## Don't Shock Your Liver With Calomel.

Dodson's Liver-Tone Persuades It to Work Naturally and Safely—No Restriction of Habits or Diet.

If you have a sick horse, you cannot make him work by beating him, and if you try it you are liable to ruin him forever. It's the same way with your liver. When it becomes torpid and sluggish, you can take calomel and whip it into action, but the calomel will leave your body weaker and sicker than ever. Calomel is a very powerful chemical made from mercury.

A perfect substitute for calomel, that has all of its medicinal properties with none of its dangerous and uncertain follow-ups, is Dodson's Liver-Tone.

The Elba Drug Co. sells Dodson's Liver-Tone with the guarantee that if you don't find it a perfect substitute for calomel, this store will give you your money back. Dodson's Liver-Tone is a true tonic for the liver, purely vegetable, and with such a pleasant taste that it is no trouble to get children to take it. It is absolutely impossible for it to do anyone any harm, because it simply persuades the liver to do what it ought to do—no more and no less.

## FREE REMEDY HELPS CHILDREN

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been repeated by thousands of women in all parts of America.

Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. It is mild and never grips. It is all that a child's remedy should be, though it is a good laxative for the whole family because it is effective at all ages. It is not dynamic like salts, pills and powerful cathartics, which should not be given to children under any circumstances.

Notice.

To the patrons of Elba school:—When the school began a year ago, I had a notice put in the "Clipper" relative to guidance of the delivery of the mail etc. To some one of the family, that would be the most suitable to call for and transact the business for the whole family. It is much better for all concerned, you get better service, and it reduces the "Gon. Del." work of the office. When one family has several children going, it often happens, that one calls, and then the others, and consequently we never know when it has been taken out. I will thank every one very kindly to give this matter their careful consideration. Please send me the name of the one that you select.

I am most Respectfully, W. S. Mullins, Postmaster.

Calomel Is Dangerous.

Is a Powerful Chemical Made from Mercury—People Should be Cautious.

The only safe way to avoid the danger of calomel is to take no calomel.

Dodson's Liver-Tone, a vegetable liquid of pleasant taste, more than takes its place. Where calomel shakes you up and shocks your liver, Dodson's Liver-Tone, mild but effective, builds up and strengthens. It "liven's up the liver."

Get a bottle at Elba Drug Co., and if it doesn't do what you think it ought—if it doesn't make bilious spells mere trifles—if it doesn't "liven up your liver," your money will be waiting for things of life.—Troy Herald.

## Inter-Ocean On Pensacola Scout Party.

Pensacola Journal.

The Chicago Inter-Ocean of Wednesday morning contained the following regarding the Pensacola scouts.

With an accumulation of mud and dust of seven states clinging to the body and running gear of the 1910 model H Speedwell in which they had blazed a trail from Pensacola, Fla., a part of our automobilists, piloted by Dr. S. R. Mallory Kennedy of the Commercial Association of that city, arrived in Chicago yesterday.

The speedometer showed that the tourists had traveled 1,149 miles since leaving Pensacola a week ago Sunday morning at 10 o'clock. The actual running time was seventy-four hours and thirty-five minutes.

The final lap of the trip was made from Lafayette, Ind., escorted by a delegation of Chicago Motor Club members of which C. H. Gates and J. H. Quinlan were the pilots. The distance of 187 miles was covered in five hours and twenty minutes, the fastest time recorded on route.

Accompanying Dr. Kennedy, who is a good roads enthusiast, were Colonel Frank L. Mayes of the Pensacola Journal, A. M. Avery, Jr., and F. C. Brent, Jr.

The object of the tour was to scout a route that was calling for my assistance. I rushed to Memphis by the first train to find that on Sunday afternoon she had left her hotel in Memphis, taking our little girl with her. I could not find her. I called on the police. They could render no assistance.

Finally on Tuesday night I enlisted the aid of the Commercial-Appeal, a newspaper, and soon after the account appeared in this paper or Wednesday morning, police received a telephone message from a woman who conducted a boarding house. It developed that my wife had gone there. The police once reached me and I found my wife and daughter. I am indebted to the Commercial-Appeal for finding my dear ones.

"I have ascertained that there was a man who was polite to my wife and followed her from Hot Springs to Memphis, making it a point to register at the same hotel. He saw those jewels and he simply worked her for them, discovering that my wife's mind was unbalanced."

Mr. Carlisle said that he has only a vague description of the unknown man and it would be a miracle if he should be apprehended. However, the Memphis police are working on the case.

Mr. Carlisle for a number of years conducted a drug store in Dothan but recently sold his establishment and moved to Callaway, Fla., about fifty miles below Dothan. He is highly respected in that section. His wife comes from one of the best families of that vicinity.

For scale use Henford's Balsam.

5 or 6 doses "606" will cure any case of chills and fever. Price 25c.

## Dothan Man Finds Wife Insane in Memphis.

Montgomery Journal.

After searching for his wife and seven-year-old daughter, Dorothy, in Memphis, Tenn., two gruelling days and nights, P. M. Carlisle, a former druggist of Dothan, Ala., found them four blocks from the hotel where they were stopping.

His wife was in a hopelessly insane condition and had been the victim of an unknown man who divested her of jewels worth fully seven hundred dollars.

Mr. Carlisle passed through Montgomery Friday afternoon with his pretty little daughter, en route to Dothan. He has placed his wife in a sanitarium, hoping against fate that she may recover.

That Mrs. Carlisle, whose mind it now appears was in a gradually failing condition, was the prey of a smooth villain, is the account furnished by Mr. Carlisle during his brief stay in Montgomery.

One Diamond Left.

"This man worked my wife for her jewels," said Mr. Carlisle in a trembling tone, "he played upon my wife's unbalanced mind. I located her last Wednesday in a boarding house of Memphis four blocks from the hotel. When she was about \$750 worth of jewels on her person. When I found her she had left only one small diamond ring."

According to Mr. Carlisle, his wife's health, though not at all alarming, had not been the best, and she went five weeks ago to Hot Springs, Ark., with her little daughter. On leaving home it was not apparent that her mind was weakening, but soon after reaching Hot Springs she sent numerous mysterious telegrams to her husband. Finally, on Sunday, he received a telegram from her calling him to Memphis at once.

Told of Illness.

"She said in this message that she was ill and wished me to come on immediately," said Mr. Carlisle. "It was one of her lucid moments and she was calling for my assistance. I rushed to Memphis by the first train to find that on Sunday afternoon she had left her hotel in Memphis, taking our little girl with her. I could not find her. I called on the police. They could render no assistance.
